COLORING BOOK

ALL WANT is MORE BEAUTIFUL

Thank you for downloading my coloring book.

My friend Randy Clement gets credit for the phrase “all I want is more beautiful.” It's something he said when I was painting a mural at his shop, Silver Lake Wine, in Los Angeles. It's poignant. It's subversive. It sticks with me, because it's like a plea in the face of the darkness that's going on right now. It's a revolutionary idea and a desperate plea. I like the potential bigness of its meaning. Beauty is what humans are capable of at their best. Whether it is benevolence or charity or art or music and theatre, food and wine. It's what makes human beings human.
